PROFESSIONAL SUMMARY

MERN Stack and Full Stack Developer with hands-on experience building production-ready web applications, REST APIs, management platforms, and responsive interfaces. Skilled in React.js, Node.js, Express.js, MongoDB, JavaScript, TypeScript, and API integration, with additional experience in Next.js, NestJS, FastAPI, PostgreSQL, Supabase, and Flutter. Shipped full-stack projects including a MERN task tracker, an AI-powered ATS resume builder, and a coaching institute ERP. Experience includes paid internships and web development roles for Indian and international teams.

TECHNICAL SKILLS

MERN Stack: MongoDB, Express.js, React.js, Node.js, REST APIs, API Integration, Server-Side Architecture
Languages: JavaScript, TypeScript, Python, SQL, Dart, Kotlin
Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Three.js, React Three Fiber, Responsive UI
Backend: Node.js, Express.js, FastAPI, RESTful API Design, Authentication Flows, Backend Architecture
Databases: MongoDB, PostgreSQL, Supabase, MySQL, SQLite
Tools & Platforms: Git, GitHub, Antigravity IDE, Kiro, Replit, VS Code, Figma, ChatGPT, ChatGPT Work, Lovable, Google Flow, Canva, Microsoft Office, Postman
Additional: Application Developer

WORK EXPERIENCE

Full Stack Developer Intern (Paid) Apr 2026 – May 2026
PetsGo and PetsDoor Pvt. Ltd. — PRANAG AI Remote

- Built the PRANAG AI livestock management platform with a responsive React frontend, FastAPI REST services, and PostgreSQL data architecture.
- Integrated data parsing and prediction service workflows with authentication, data management, and connected dashboards.

Application Developer Intern (Paid) Feb 2026 – Mar 2026
PetsGo and PetsDoor Pvt. Ltd. — Livestock Health App Remote

- Built a Flutter, Dart, and Kotlin livestock health app with cattle identification, health monitoring, and digital health records.
- Implemented health records, report generation, and synchronization with FastAPI backend services.

Lead Web Developer (Paid Part-Time, 2 hrs/day) Mar 2025 – Dec 2025
Anukriti Prakashan Jaipur, India

- Owned website development, maintenance, e-commerce functionality, and digital infrastructure for a publishing business.
- Built and maintained web pages, product flows, operational tools, and deployment workflows with independent technical ownership.

Backend Developer Intern Jun 2025 – Aug 2025
Zenzaawara AI Travel Pvt. Ltd. Remote

- Built Express.js REST endpoints and optimized MongoDB queries and response payloads.
- Wrote unit tests and automated API validation while collaborating with frontend developers on integration.
- Contributed to backend architecture discussions, API structure, and code quality improvements across the codebase.

EDUCATION

Bachelor of Computer Applications (BCA), Full Stack and Cloud Computing 2024 – 2027 (Ongoing)
Vivekananda Global University Jaipur, India
Rajasthan State Certificate in Information Technology (RSCIT) Certified
Vardhman Mahaveer Open University (VMOU), Kota Rajasthan, India

PROJECTS

Full Stack Projects

CVCraft v2 – AI-Powered ATS Resume Builder | *Full Stack, MongoDB* Personal

- Built an ATS resume builder with live editing, keyword optimization, and real-time resume scoring.
- Added assisted content refinement, multiple resume templates, and instant PDF export.

Hope Paws – Animal and Road Safety Platform | *React, Node.js, Geolocation API* Personal

- Built community incident reporting with geolocation and status tracking.
- Added service discovery to help users find relevant local support.

KidzGPT – AI 3D Learning Assistant | *React, Three.js, LLM APIs* Personal

- Created an interactive learning assistant for children with animated 3D characters.
- Added real-time voice and text conversations using language model APIs.

Aegis Care – Healthcare Records Platform <i>React, Algorand, IPFS</i>	Personal
- Built separate healthcare record workflows for patients, doctors, and administrators. - Used blockchain contracts and IPFS storage for medical record management.	
Portfolio Website <i>React, Next.js, Three.js, GSAP</i>	Personal
- Created a responsive portfolio website to present projects and professional experience. - Added interactive 3D visuals and motion using Three.js and GSAP.	
Application Developer Projects	
VCC ERP – Coaching Institute Management <i>Next.js, NestJS, REST API, JWT, Prisma, Supabase</i>	Application
- Built a coaching ERP with student and teacher apps, an admin dashboard, CRUD workflows, analytics, CSV export, and role-based access. - Implemented the NestJS REST API with JWT authentication and Prisma ORM on Supabase.	
Rajasthali – Complete Travel Management System <i>Flutter, Next.js, Supabase</i>	Application
- Built Flutter apps for drivers and clients, a Next.js admin panel, and a Supabase backend for Rajasthali Tours, Rajasthan. - Implemented live GPS tracking, tour automation, SOS emergency alerts, and road navigation.	
RestroQR – Digital Menu and Table Ordering <i>Mobile App, Web Ordering, Backend</i>	Application
- Built an owner management app and browser-based QR menu and table ordering flow. - Added real-time order notifications, earnings views, and item analytics.	
ToDoUp – AI Productivity App <i>Mobile Application</i>	Published on Google Play
- Published ToDoUp, a task management application, on Google Play. - Added smart reminders, task planning, cloud sync, and offline support.	

FREELANCE PROJECT

Sploink.AI – 5USD/Hour <i>React, TypeScript, VS Code Extension API</i>	Freelance
- Built frontend workflows for a US-based client using React and TypeScript. - Added workflow log monitoring and execution-state visualization in a VS Code extension.	
<i>Two additional freelance projects are not listed due to non-disclosure agreements.</i>	

HACKATHONS & EVENTS

CodeRed 5.0 Designathon <i>Top 3 Position</i>	Achievement
Rajasthan Digifest Startup Hackathon <i>Top 4 among participating teams</i>	Achievement
Google DevFest Jaipur 2025 <i>Attendee</i>	Dec 27, 2025

CERTIFICATIONS

Git Training: Simplilearn (Jun 2026) Store Listing Certificate: Google Play (Nov 2025)
Responsive Web Design: freeCodeCamp (Jun 2026) Forage: Deloitte Australia Data Analytics Job Simulation (Jun 2026)
